Continuation of 2. NOTE: The applicant's amendment to claim 10 includes the new limitations "so that the network of computers operates like a single global super computer where the addition of new processes and sites is dynamic" (lines 15 - 16) and "where different consistency modes are supported for an updateable object" (line 20). These limitations were not recited in claim 10 or its dependent claims and would require further consideration and search.
